Sir,

Sub: Labourers - Combined sheep and Cattle Farm, Kurukuppi - Rent free quarters - Sanctioned.

There is a dearth of labourers in the surroundings of the Combined Sheep and Cattle Farm, Kurukuppi on account of extensive grass cutting operations in the Sandur Hills and the work at the Tungabhadra Project where they are paid higher wages. It was therefore considered essential to provide some huts to attract labourers with accommodation so that they may stick on to their jobs at the farm. Therefore 24 huts were provided so far at a cost of 720/-. On account of the difficulties mentioned abov in respect of non-availability of labour it is also considered that the occupants of the huts may be allowed to reside free of rent, as this concession is essential to attract more labourers and induce them to settle in the farm itself. I therefore request that Government may be pleased to permit the menials to occupy the huts free of rent.

Yours faithfully,

for Director of Animal Husbandry, Madras.

Sub: Livestock – Combined Sheep and Cattle Farm, Kurukuppi – Rent free quarters for the labourers – Proposal of the D.A.H – Approved.

Ref: From the D.A.H. Roc No 1073 – VI / 50 D 14 9/50

G.O.MS No 277 Dated 25/10/50

The Govt approve the proposal of the D.A.H to permit the labourers working at the Combined Sheep and Cattle Farm, Kuru-Kuppi to occupy the huts, that were recently constructed at the farm, free of ~~cost~~ rent.

To the D.A.H
Copy to A.G. thro Finance Deptt (with copy of p 1(4))

Note: Please see the letter from the D.A.H on p.1 of: Subject to orders - the draft order is submitted ~~Finance may see for acceptance~~. It is reported that the huts were constructed at a

Cost of Rs 720/- only. The rent that may be leviable will not therefore be appreciable. The waiver of the recovery of the rent on the other hand will be a great inducement for the labourers to settle in the Farm.

P.W.D and Finance may see for acceptance

labourers and work-charged establishment employed on the Lower Bhavani Project works. The Collector has stated that the scale of pay allowed to them have been fixed only after taking into account all the available amenities as free to them. He has also stated that these rates are much lower than those allowed in other projects and that if the above concession is not allowed, the rates of pay will have to be increased. The Finance dept have pointed out that the market rates vary in different places, and that there is therefore no point in comparing the rates of pay of the labourers and others employed in the Lower Bhavani Project with those obtaining in other projects like the Tungabhadra Project. They therefore suggested that a report might be called for from the Collr. of Coimbatore whether the rates of pay prevailing for similar work prevailing in localities near to the L.B. Project area are higher than those allowed in the L.B. Project. The Collr. has accordingly been addressed and his reply is awaited.

2. In the present case however the Director has recommended rent free accommodation to the labourers at the Cattle farm, Kosukkapai because the is dearth of labour in the surroundings of the farm and as owing to grass cutting operations in Sandur Hills and the Tungabhad Project work where higher wages are paid, and because it is necessary to attract labourers to the Cattle farm and to make them stick on the fact that there is dearth of labour in the Cattle farm indicates that the rates of pay there are unfavourable compared to the pay which they can earn in

near-by localities. Hence it does not appear necessary to call for details of plan allowed in the cattle farm and on the other places nearby. The cost of construction of the 24 huts proposed to be given free of rent is only Rs. 720/- and hence the loss of rent as a result of the Director's proposal will be very small. In the circumstances there seems to be no objection to accept the Director's proposal embodied in the draft order at page 1 ante.
